Dear Assemblyman Ramos and Legislator Martinez,
I hope this finds you both well. As I mentioned to you both this week, we're going to be pushing at Tuesday's Town Board meeting for the Town to adopt a robust community participation plan that includes forming a truly representative working group to oversee the remediation process and provide community input (as per the DEC's letter). Below is a list of entities, elected officials, and organizations that we think should be part of the working group. Our members will be pushing for their inclusion in the working group at Town Hall on Tuesday, and we would greatly appreciate it if your remarks or submissions to the Town Board or to the press are on the same page.

And, of course, if you have any suggestions related to this list, please share them!

Thanks, as always, for your partnership.

Daniel
